

## Night Owls needed!

We are in need of overnight sleep-over volunteers for shifts at Northampton's Emergency Nightshelter, from 10.30pm to 7am, Monday – Sunday

Volunteers play a vital role in ensuring that the Nightshelter provides a safe, comfortable and positive environment for guests, volunteers and staff.

As well as helping guests to settle down for the night, you may talk informally with them about their housing situation and, in very simple terms, about the various options available to them. You will also help the duty coordinator to ensure the shelter is ready for the morning.
